Testimonials

“ *Creative and astute professionals with outstanding communication skills* ”

“ It’s an absolute pleasure to work with Qualia Creative who are creative and astute professionals with outstanding communication skills. Without fail they go the extra mile to deliver magnificent results under exceptional circumstances of pressure. Their passion and devotion are reflected in—not only their creative and marketing skill—but also within their production management, where quality control is of utmost importance. Most notably, David & Dave take the time to understand the client and the company’s expectations and are always flexible in their approach. They are a great agency to work with!”

Suzana Mars

Senior Sales & Marketing Executive - Poly Global

“ *A great marketing and branding agency that not only meet expectations, but can also exceed them* ”

“ One phone call and I met them the following day. Once they took on the job—no matter whether it is a last minute change of mind on the design provided or a short notice request for expo marketing collateral—they always delivered in an efficient yet very satisfying way.

What makes us most satisfied with them is the fact that they listen to us—which is missing from so many marketing and branding companies nowadays—and are able to provide the best solution to accommodate our requirements. All of their staff are very professional, patient and hard working.

With their professionalism, creativeness, patience and kindness, I’d highly recommend Qualia Creative to any company that are considering a great marketing and branding agency that can not only meet their expectations, but also exceed them.”

DANDAN ZHAO

National Marketing & Sales Director - Golden Age

“ *Qualia Creative have proven time and time again to be really cutting edge* ”

“ We’ve worked with graphic design and marketing groups through out the property marketing industry. Qualia Creative have proven time and time again to be really cutting edge in this space.

Their style of genuine artistic input into creative production was a real draw to us and our clients. We have since engaged with them again on projects such as 41 Peel, Central Gardens, The 8 Ellingworth, The Parade, 39W and Queens Avenue. Qualia created full project marketing collateral in time for very successful campaigns. The output has been of the highest quality. For all commissions Qualia have proven to be nimble enough to appeal to the target audience and proposed the best strategies for successful cut-through into a heavily competitive youth-arts based postcode and the Asian investor market alike.”

BART O’CALLAGHAN

Director - Urban Pty. Ltd

“ *Qualia Creative is indeed one of the best marketing companies in Victoria* ”

“ We have been working with Qualia Creative for over three years and have always been a satisfied customer. In the past three years, Qualia Creative has been fully responsible for the marketing and branding of our property development projects including townhouses, apartments and mixed development, and they have done a fantastic job to assist us with the successful launch of those projects.

Their patience and dedication to work have impressed us and guaranteed that all marketing materials accurately reflect our concepts and effectively engage our target clients.

Their professional and friendly services, the ability to accurately identify the requirements of the client and being able to deliver the product with exceptional quality within limited timeframe and budget have proven that Qualia Creative is indeed one of the best marketing companies in Victoria. ”

ORIN ZHU

Office Manager / IT Manager - Goldfield Management Group Pty Ltd

“ *The final product was instrumental in the success of our sales* ”

“ We are extremely satisfied with the marketing service Qualia provided on our town house development project.

Qualia has helped us develop an exceptionally effective market positioning strategy, through their phenomenal concept designs and execution, they were able to help us capture the true essence of our original concept and cultivate it to something that is truly beautiful. The final product was both original and beautifully expressed, which was instrumental in the success of our sales.

David and his friendly colleagues have shown high level of professionalism and integrity in all aspects of their work, and have gone above and beyond to meet the customers’ desires, often sacrificing their own time outside of work.

We look forward to the opportunity to collaborate with Qualia again in the future.”

EFFIE ZHAO

Operations Director - Han. T Pty Ltd

“ *Working with the team from Qualia Creative has always been pleasant and great!* ”

“ We couldn’t be happier with the design of our brochure, which contains a hint of oriental style through the touch of gold and artistic watercolour illustration. We believe our product stands out from others in this competitive industry through Qualia’s readiness to materialise our requirements. The hard working team behind the scene never failed us when we requested changes—big or small. All details were discussed professionally.

David and his team understand our brand as we do. This spirit of collaboration is visually represented in the creativity of their design. We would definitely like to continue working with Qualia for our upcoming projects.”

L'ORÉAL MELBOURNE FASHION FESTIVAL

L'Oréal Melbourne Fashion Festival is one of the most attended forums on the Australian fashion calendar. From designer parades, pop-up shows, business seminars to cultural events and an array of glamorous after parties, the Festival attracts global interest and growing media attention each year.

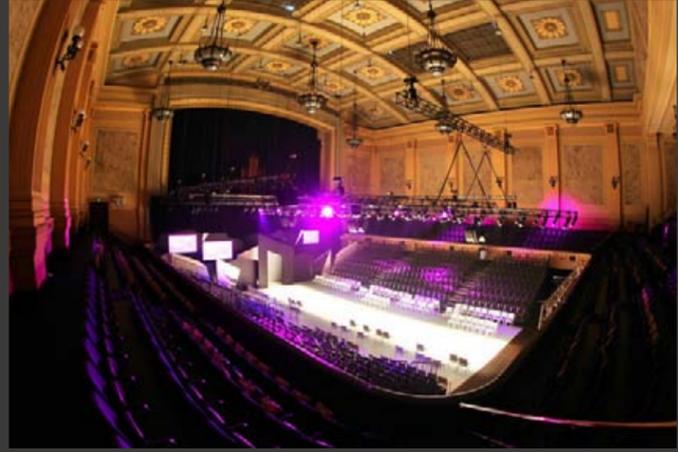

A richly layered composition of exploded frames and imagery that revealed changing scenes at different sight lines. The design, like the shifting media landscape, aimed to engage more intimately with individual audience members.

A set that communicates the shift in fashion from traditional, print marketing and magazines towards an ever-evolving online media landscape that blurs the definition of reader vs publisher, picture vs frame, and screen vs window.

Set and related collateral design for the Business Breakfast Seminar and Beauty Workshops.
